KAHDALEA & CHOSATONGA'S SPIRIT

We at Kahdalea and Chosatonga believe in the wonderful resource of family. We offer Family Camp to provide a time and a place for families to be together, to relax, to play, and to enjoy each other in a beautiful rustic mountain setting. In doing this we hope to nurture a closeness within families and to provide a fabulous experience for all.

Our regular camp program includes child-centered and wilderness oriented activities. Our goal is to offer a wide range of activities to stimulate, delight and challenge each child; and to provide an opportunity for young people to develop lifetime skills and interests in a Christian environment. Our Family Camp program is a simple extension of this.

LOCATION

Family Camp takes place at Kahdalea in the heart of the Blue Ridge Mountains of Western North Carolina. Our 180 acres are bordered on three sides by the Pisgah National Forest, which provides unlimited acres of beautiful mountain woodlands. Kahdalea has its own lake, clear bubbling streams, and hiking trails. At an elevation of 2800 feet, the summer climate is lovely!

TRANSPORTATION

The camp assumes no responsibility for making travel arrangements to or from camp. Most family campers arrive by car. If you are flying, make arrangements to land at the Asheville, NC airport. Complete information regarding travel and baggage will be sent prior to the opening day of camp.

ARRIVAL

Please arrive no earlier than 4:30 on the first day. If you are in the area early, please enjoy the afternoon sightseeing. The precious town of Brevard and the surrounding national forest are wonderful diversions.

If you will miss dinner or breakfast on the first days, please let us know so we can let the kitchen prepare.

PROGRAM

Activities offered could include tennis, horseback riding, swimming, canoeing, nature, drama, arts and crafts, riflery, rock climbing, archery, hiking, overnight camping, team sports, relaxation time and more, depending on group interest.

TODDLER CARE

Family Camp has proven to be a terrific time for family to be together to play, explore and try some new adventures. In light of parental involvement during Family Camp, our staff for this session is minimal and we are not equipped to provide baby sitting services.

MEDICAL INFORMATION

Basic first aid supplies are available at anytime during Family Camp. In addition, we usually have an on-call physician nearby and the Transylvania Regional Hospital is a short drive from camp.

CAMP STORE

Stationary, toilet articles, basic camping gear, batteries and fun camp shirts are available at the Camp Store. Some craft supplies (i.e., tie-dye T-shirts) may also be charged to the store account.

WHAT TO BRING

Our camper "What to Bring" list is included in our information packet for your information. Maps are at TwoFunCamps.com. If at anytime you have any questions, please don't hesitate to call or e-mail.

EVERYTHING, including equipment, should be plainly marked with names.

FAMILY CAMP INFORMATION

WELCOME!

We are so glad to welcome you and your family to our **KAHDALIA** and **CHOSATONGA** families. Please read this carefully. It should answer many of your questions about family camp. We are here to provide the best possible experience for you and your family.

TRAVEL AND ARRIVAL

Please plan to arrive **AFTER 4:30 PM** on opening day of camp. Camp is closed prior to 4:30 PM. There will be time to move in before or after dinner which will be at 6 PM. If you arrive later, that will be fine. Just let us know.

Frequently, families arrive after dinner and even breakfast the next morning. Please let us know as soon as you can if you will miss a meal so the kitchen can prepare.

Travel arrangements are your responsibility.

CAR - Call us if you will be arriving very late at night so we can make arrangements to help you find your cabin. Those of you arriving by car will be welcomed near the camp office building. Luggage usually accompanies you in the cars; however, you might want to send your luggage via UPS prior to arrival to save precious car space.

PLANE - Make any reservations to the Asheville Airport. (Trunks and duffel bags can usually be checked on the airline ticket. We also recommend UPS for this service.) **Be sure** that your name and address is attached or marked on the outside of your luggage. There is a \$30 fee per family for airport shuttles.

ARRIVAL & DEPARTURE TIME

Camp ends the day before and everyone is on a their time off until 4:30 when we will begin check-in. We look forward to welcoming you from 4:30 on. On the first night, we will have dinner at 6 & then Campfire. If you will miss dinner or arrive late, please notify us in advance.

We will have breakfast on the last day and departures should be scheduled before noon. It is so important that your cabin is swept, straightened and ready for the next group. Thank you.

ADDITIONAL DAY

If you find that you would like an extra day in your rustic cabin after family camp, please let us know. We can provide an additional night at \$45/family if it doesn't cause a conflict with the next group. As always, the cabin must be prepared for the next residents. Thank you.

BEDDING & SHOWER NEEDS

Sheets and towels are provided, but you will need to bring pillows and pillowcases, and blankets or sleeping bags for your cabin bunks. You may also choose to sleep beneath stars, one night or all. The shower house is a short distance from the cabins. We suggest that you might like to bring flip-flops, or other shower shoes to walk from the cabin to the shower.

CABIN ACCOMMODATIONS

The cabins are rustic wood buildings with large screened windows. Each building consists of two rooms and a bathroom with two sinks and toilets. Usually we give each family one building. The beds are U.S. Army bunks and there will be designated quiet time at night for sleeping. Afternoon rest hour is a common event, too.

MEDICAL INFORMATION

Camp is just about five miles from Brevard where the Transylvania Regional Hospital is located. There are basic first aid supplies available in the camp infirmary. *In light of the fact that the majority of parents have their own medical insurance, the camp does not provide health insurance.* It is your responsibility to cover costs of all medical treatment which is beyond the scope of our infirmary (emergency room fees, doctor's fees, X-rays, prescription drugs, and special medications).

ELECTRONICS

Our policy for campers, during regular camp, is to leave mp3 players, electronic games, radios, cell phones, etc. with the office. We recommend that same approach during family camp, but we do understand that the adults might want to keep various items for a jog down the road or a cell phone for various business or house sitting needs. Cellular coverage is not available in most of the camp. If you need to make cellular contact, check with us and we will tell you where you might be able to receive a signal. If we feel that electronics use is distracting from the program, we will let you know.

TODDLER CARE

Our staff does not provide regular baby sitting for your small children. For special needs, we will do our best to assist you in caring for your young children's needs. It is our desire to provide an atmosphere that enhances your family time in every way possible.

VALUABLES & OTHER GEAR

You are discouraged from bringing EXPENSIVE jewelry, watches, etc. to camp. You are responsible for valuables, camera's, jackets, tennis racquets, etc. Camp cannot be responsible for the loss of such items. **You should mark all personal possessions plainly with your name.** Do not bring non-essential articles or expensive clothing or items to camp.

Hiking boots - Any ankle top boot is acceptable, even work boots. They should have deep treads. The sole should flex as in natural walking. They should be comfortable, light and broken in. Try Sears for growing children.

There are a limited number of backpack rentals available. See page 7 of the parent pack.
Sleeping bag* - Compact with stuff sack - synthetic fill and shell - NO COTTON. A 40 degree bag is fine. We offer a GREAT little bag at a low price which does very well. See offer - page 9.
Ground cloth + pad*- To protect sleeping bag from ground dampness and to insulate.
Eating utensils* - Bowl or camping plate, inexpensive plastic cup and a spoon.
Small pocketknife - Swiss Army basic knife is great. NO large hunting or sheath knives please.
Raingear* - A poncho is most practical for a backpacker.
Water bottle* - Quart size. Nalgene wide-mouth is recommended.
Flashlight or headlamp* - 3 AAA batteries usually suffice for power. We recommend an LED light.

Items marked * can be obtained through the camp store.

DO NOT BRING: Electronics like radios, MP3 players, gameboys, cellphones or televisions. These detract from the quality of the camp experience. When campers wear earbuds, they "go away." We may ship such items home with shipping paid from the camper's store account. Candy, gum, matches or lighters will be confiscated.
